

# Opposites

Up is the opposite of down...smile is the opposite of frown

Dusk is the opposite of dawn...off is the opposite of on

Black is the opposite of white...day is the opposite of night

Big is the opposite of small...climb is the opposite of fall

And I love opposites

Stop is the opposite of go...fast is the opposite of slow

Hot is the opposite of cold...young is the opposite of old

And I love opposites...I love opposites

If you want to play with words there are so many to use

But if you want an opposite, be careful with the one you choose

Flat is the opposite of hilly...well, kind of

Warm is the opposite of chilly...well, maybe

Calm is the opposite of wavy...at Velzy

Butter is the opposite of gravy...THAT'S CRAZY!

And I love opposites...I love opposites

Lost is the opposite of found...free is the opposite of bound

Peace is the opposite of war...and the only thing anyone should shoot for

Start is the opposite of end...enemy is the opposite of friend

Less is the opposite of more...and more friends is what I'm living for because...

I love opposites...I love opposites...I love opposites...I love opposites
