

Lemonade Stand

CHORUS: Lemonade Stand, Lemonade Stand...

Hanging out with my friends... that's the plan

Selling lemonade...sugar cookies, too

Come on down, I've got something for you

Well it's Memorial Day, the sun is shining bright

Got to do something to make this day right

Painted up a sign and grabbed some quarters from a can

Went outside and made a lemonade stand

(repeat CHORUS)

Well...the lemonade is flowing, the sun's sitting high

People from everywhere stopping by

Nevada...California...Australia, too

Running low on lemonade, what should we do ?

(repeat CHORUS)

Got no more cookies, no more lemonade

Taking down the signs, looking for some shade

Everything really went better than planned

Grab some friends, make your own lemonade stand

(repeat CHORUS)
